

## Flood Awareness 2021 All Media Exhibit

The theme for the February 2021 all-media exhibit was Flood Awareness. Flood Awareness Week in Virginia is March 14-20, 2021. The Virginia Department of Conservation and Recreation sponsors this show to bring education and preparedness for floods to the community. You will enjoy the variety of images captured through photography, paintings and composites of flood conditions and high water. Two videos of the artwork will be on [www.artworksrv.com](http://www.artworksrv.com) and DCR will present a video of educational material on the subject.
